CLADDING + SOFFITS

About Parallel Cladding + Soffits

Parallel Architectural Products creates superior, 100% aluminum cladding and soffit systems to suit a wide range of styles and applications. Beautiful like wood, but with the durability and sustainability that only aluminum can provide, Parallel's products stand up against the elements. All of our finishes are powder coated to create a dependable, enduring product that won't fade, crack or tarnish no matter the weather conditions.

Installation

Parallel's cladding and soffit products can be installed in multiple orientations, including top down for easy maintenance. With an array of trim options available, obtaining an immaculate finish has never been easier. Our innovative methodology ensures the fastest, simplest installation and maintenance on the market.

True Imperial Sizing

Cladding boards are available in **4", 6", 8" and 12"**. All Parallel parts are standardized to **20' lengths**.

Colors

Parallel has an expansive selection of more than **40 woodgrain** and **10 solid colors**.

We are **industry leaders in color development**, regularly adding new finishes to our collection. Keep up with our ever-expanding palette by visiting parallelap.com.

Custom solid colors are available for larger projects.

Warranty

Parallel Architectural Products is proud to offer a limited lifetime warranty! Parallel expressly warrants for a limited lifetime that its aluminum products are free from manufacturing defects in material or workmanship when installed according to Parallel's specifications and properly maintained. The warranty provides for a 15-year warranty for the finish, including checking/cracking, chalking, color change, gloss retention and adhesion of finish.

Visit parallelap.com/warranty for the full warranty.

Maintenance

Parallel's products are easy to care for and manufactured to last. With simple maintenance, your aluminum cladding and soffit applications will last many years!

- Wash the surface with a mild solution of pure soap or mild non-abrasive kitchen detergent in warm water. Application should be with a sponge, soft cloth or soft bristle nylon brush, and should be gentle to prevent shiny spots.

Availability + Cost

Cladding and soffit systems are available directly through Parallel sales reps, and through our network of distributors. Plus, round out any project with the addition of our other products like battens, fencing, enclosures and more! To get started and for current pricing, contact us at info@parallelap.com.
