

Modern Aluminum Structural Solutions, Proudly Made in the USA

Parallel Architectural Products manufactures versatile aluminum systems, crafted to mimic a traditional wood panel. Our building products combine the appeal of wood with the ingenuity of artfully designed architectural solutions.

Created for use in cladding, soffit, batten, fence, screen, railing, gate, enclosure and pergola applications, our wide array of aluminum profiles can do anything that wood can do, and so much more. Our powder coated products will not warp or crack, and are devised especially for simple installation. We skillfully produce durable, state-of-the-art finishes for our aluminum, providing over 40 solid and woodgrain colors. When you choose Parallel Architectural Products, you can rest easy knowing your project uses superior aluminum, made sustainably in the USA.

FEATURES AND BENEFITS

Resists Scratching
+ Staining

Weatherproof
Colors

Smooth + Simple
Installation

Beauty Meets
Timeless
Aluminum

Our aluminum products combine the **beauty of wood** with the **unmatched versatility** of expertly-designed architectural systems.

Industry-Leading Color Selection

Explore our selection of more than **50 woodgrain** and **solid colors** at parallelap.com.

Parallel Architectural Products is a leader when it comes to offering both classic and modern finishes for our aluminum products. Not only do we produce woodgrains that mimic the warmth and allure of real wood, we are committed to providing a palette of contemporary solid colors that turn your projects into works of art.

We are here to help you create custom solid colors for larger projects. **Let's work together to develop a shade that best fits your vision, company or brand.**

Parallel Architectural Products is now part of the **Armstrong family of brands** providing innovative solutions for building interiors and exteriors.

Beauty *and* Function, Backed by the Strength of a **Limited Lifetime Warranty**

Parallel is proud to provide a warranty that's as reliable as our products. Our limited lifetime warranty covers any buckling, corrosion or other defects, as long as the products have been installed to Parallel's specifications and maintained properly. Additionally, we provide a 15-year warranty for the finish, including cracking, color change and more, so you can be confident that your aluminum systems will stay beautiful for longer.

Ready to incorporate Parallel aluminum systems into your next project?
