ARCHITECTURAL PRODUCTS

SPECIFICATION DATA SHEET | SCREENS + RAILING

About Parallel Screens + Railing

Parallel Architectural Products creates superior, 100% aluminum screen and railing systems that can be attached to a pre-existing surface or combined with our other systems, depending upon your needs. A Parallel railing or screen allows you to add an element of safety, privacy or visual interest to your building, effectively combining function and style. Plus, all of our finishes are powder coated to create a dependable, enduring product that won't fade, crack or tarnish no matter the weather conditions.

Installation

The foundation of our railing and screen products is a simple slat system. The slats come in varying sizes and combine with posts and spacers to accomplish your ideal design.

True Imperial Sizing

Customize your screen or railing by choosing between or mixing and matching slat sizes: **2", 4", 6"**. Posts are available in **2.5" x 2.5" or 4" x 4"**.

Parallel parts are standardized to **20' lengths**.

Colors

Parallel has an expansive selection of more than **40 woodgrain** and **10 solid colors**.

We are **industry leaders in color development**, regularly adding new finishes to our collection. Keep up with our ever-expanding palette by visiting parallelap.com.

Custom solid colors are available for larger projects.

Warranty

Parallel Architectural Products is proud to offer a limited lifetime warranty! Parallel expressly warrants for a limited lifetime that its aluminum products are free from manufacturing defects in material or workmanship when installed according to Parallel's specifications and properly maintained. The warranty provides for a 15-year warranty for the finish, including checking/cracking, chalking, color change, gloss retention and adhesion of finish.

Visit parallelap.com/warranty for the full warranty.

Maintenance

Parallel's products are easy to care for and manufactured to last. With simple maintenance, your screens or railing will last many years!

- Wash the surface with a mild solution of pure soap or mild non-abrasive kitchen detergent in warm water. Application should be with a sponge, soft cloth or soft bristle nylon brush, and should be gentle to prevent shiny spots.

Availability + Cost

Screen and railing systems are available directly through Parallel sales reps, and through our network of distributors. Plus, round out any project with the addition of our other products like cladding, soffits, battens, enclosures and more! To get started and for current pricing, contact us at info@parallelap.com.
