

SPECIFICATION DATA SHEET | FENCING

About Parallel Fencing

Parallel Architectural Products creates superior, 100% aluminum fencing systems that can be customized to fit your unique design needs. Beautiful like wood, but with the durability and sustainability that only aluminum can provide, a Parallel fence will stand up against the elements, far outlasting alternative materials like vinyl or wood. All of our finishes are powder coated to create a dependable, enduring product that won't fade, crack or tarnish no matter the weather conditions.

Installation

Parallel's fencing systems are easy to install, even on uneven ground. Whether building a small privacy fence or a larger-scale barrier around your entire property, our hidden fastener and spacer technology means there's no pre-drilling needed, resulting in a clean, modern aesthetic with no visible screws or fasteners.

True Imperial Sizing

Customize your fence by choosing between or mixing and matching slat sizes: **2", 4", 6"**. Posts are available in **2.5" x 2.5" or 4" x 4"**.

Parallel parts are standardized to **20' lengths**.

Colors

Parallel has an expansive selection of more than **40 woodgrain** and **10 solid colors**.

We are **industry leaders in color development**, regularly adding new finishes to our collection. Keep up with our ever-expanding palette by visiting parallelap.com.

Custom solid colors are available for larger projects.

Warranty

Parallel Architectural Products is proud to offer a limited lifetime warranty! Parallel expressly warrants for a limited lifetime that its aluminum products are free from manufacturing defects in material or workmanship when installed according to Parallel's specifications and properly maintained. The warranty provides for a 15-year warranty for the finish, including checking/cracking, chalking, color change, gloss retention and adhesion of finish.

Visit parallelap.com/warranty for the full warranty.

Maintenance

Parallel's products are easy to care for and manufactured to last. With simple maintenance, your fence will last many years!

- Wash the surface with a mild solution of pure soap or mild non-abrasive kitchen detergent in warm water. Application should be with a sponge, soft cloth or soft bristle nylon brush, and should be gentle to prevent shiny spots.

Availability + Cost

Fencing systems are available directly through Parallel sales reps, and through our network of distributors. Plus, round out any project with the addition of our other products like cladding, soffits, battens, enclosures and more! To get started and for current pricing, contact us at info@parallelap.com.
